Reading Pro

Dear Parents/ Carers,

As a school we are using the reading programme **Scholastic Reading Pro**, which gives us information about your child's reading ability. It allows pupils to read a variety of eBooks, complete quizzes and choose from a selection of reading interests in order to generate a recommended book list, all of which are available from our school library.

The programme can also be accessed from home, through our school website. All pupils have their individual username and password which is stuck in the front of their reading record and have practised how to access the programme from our school website. If you are unsure about how to use the programme, instructions for this can be found on our school website, under the 'Reading' section.

This is a fantastic reading resource and we would like to encourage as many pupils as possible to access the programme from home. If you do not have a computer at home, the programme works from many other devices, including the iPad and other tablets.

We hope you enjoy using the programme with your child, and would appreciate any feedback you may have.

Many thanks,

Miss Symonds

Reading Coordinator and Year 5&6 Phase Leader

Reading PRO Parent/Carer Feedback

F.A.O: Miss Symonds (Reading Coordinator and Year 5&6 Phase Leader)

I would be interested in attending a Reading Pro workshop in order to learn more about the programme.

I feel confident with supporting my child using Reading Pro and so would not be interested in attending a workshop.
